reduction in fuel use

significantly reduce the number of days

raise an invoice

generate more business

10
hours less travel time
per mobile worker per month

your customers will love you

8
hours of office admin saved
per mobile work per month

0
failed jobs

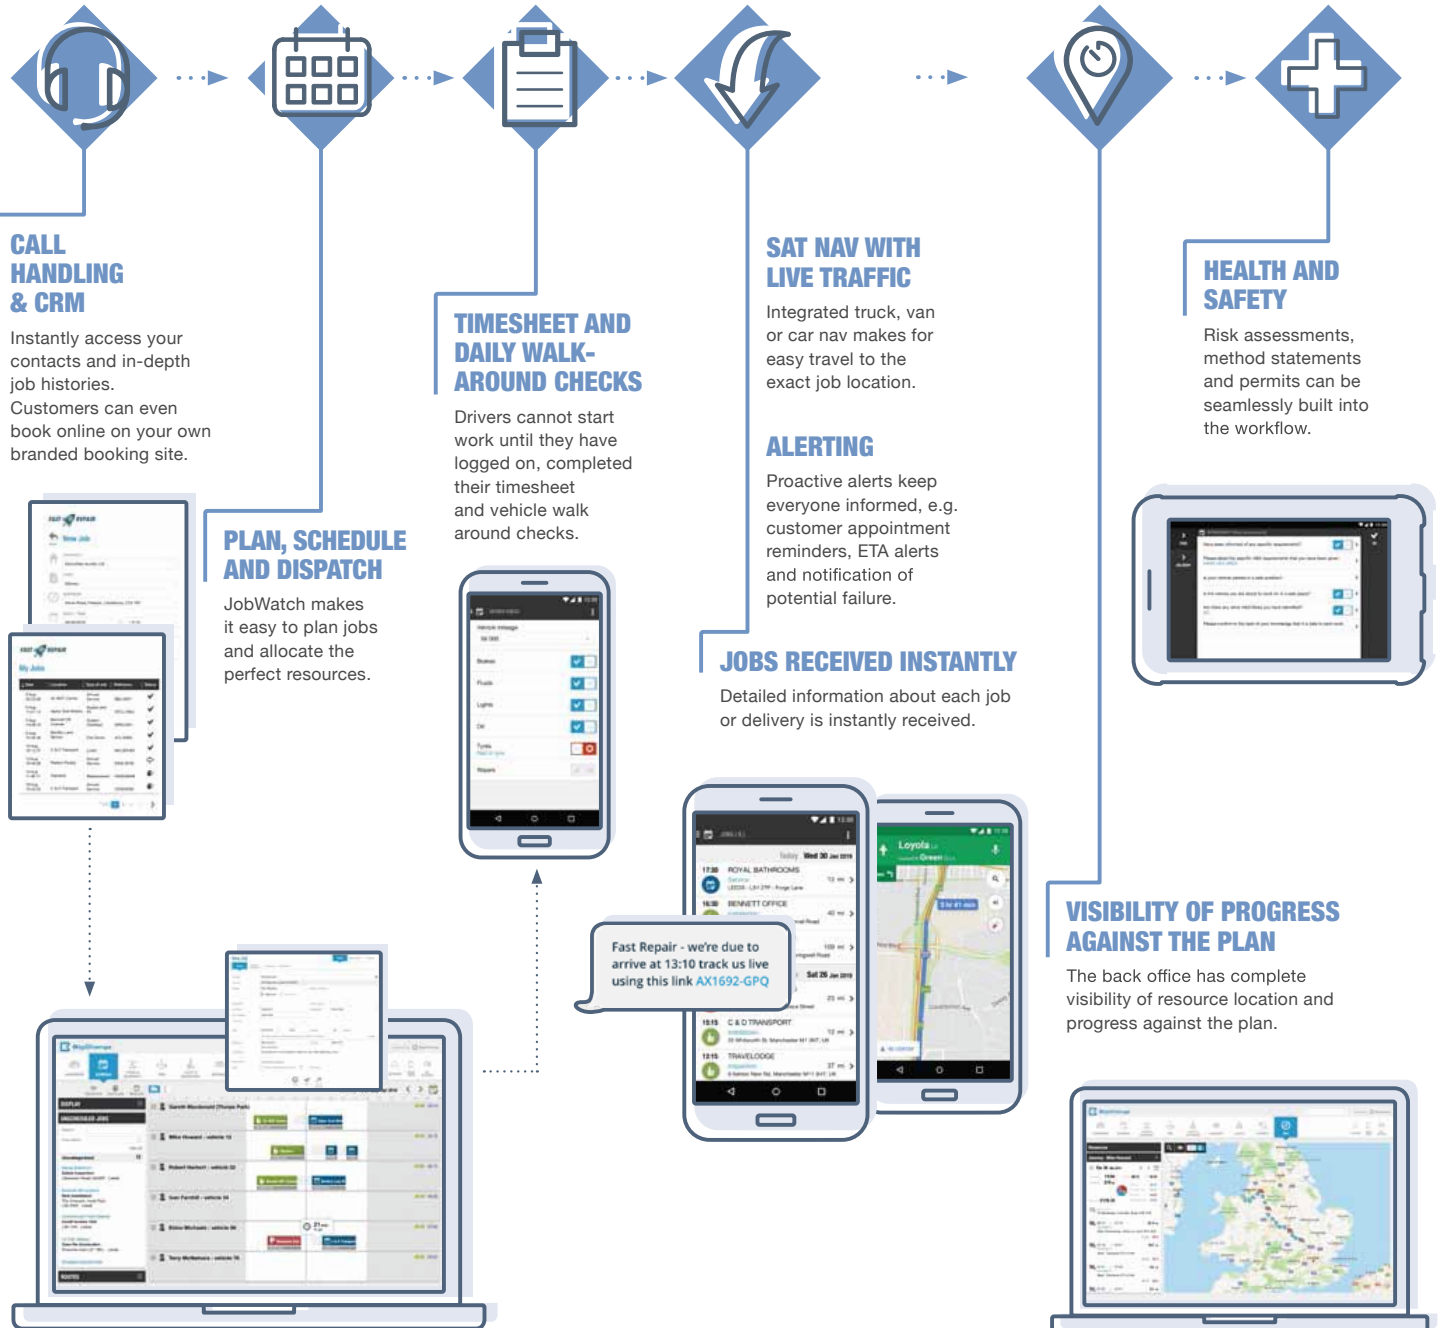

SIMPLY STRONGER

JobWatch delivers real value from day one.

Start using our game-changing system and you 'll enjoy a great return on your investment, straightaway.

A DAY IN THE LIFE FOR SERVICE WITH BIGCHANGE

CALL HANDLING & CRM

Instantly access your contacts and in-depth job histories. Customers can even book online on your own branded booking site.

PLAN, SCHEDULE AND DISPATCH

JobWatch makes it easy to plan jobs and allocate the perfect resources.

TIMESHEET AND DAILY WALK-AROUND CHECKS

Drivers cannot start work until they have logged on, completed their timesheet and vehicle walk around checks.

SAT NAV WITH LIVE TRAFFIC

Integrated truck, van or car nav makes for easy travel to the exact job location.

ALERTING

Proactive alerts keep everyone informed, e.g. customer appointment reminders, ETA alerts and notification of potential failure.

JOBS RECEIVED INSTANTLY

Detailed information about each job or delivery is instantly received.

HEALTH AND SAFETY

Risk assessments, method statements and permits can be seamlessly built into the workflow.

VISIBILITY OF PROGRESS AGAINST THE PLAN

The back office has complete visibility of resource location and progress against the plan.

PAPERLESS JOBS AND WORKFLOW

Workflows are fully customisable allowing for conditional branching.

LOG AND PHOTOGRAPH EXPENSES

No more lost receipts. Expenses are logged, GPS location stamped and photographed as they occur.

INVOICE IMMEDIATELY

Invoice customers without delay. The built-in accounting and finance module even integrates with Sage.

AUTOMATIC TIMESHEETS

Accurate activity based timesheets are signed off daily or weekly.

JOB MARGIN

The Job Margin report allows you to monitor and maximise profitability.

REPORTING AND PERFORMANCE

A wealth of insight and intelligence into your business performance is at your fingertips.

PROOF OF JOB COMPLETION

Electronic signature and proof of job completion or delivery is instantly relayed to the back office allowing prompt invoicing.

FULLY BRANDED CUSTOMER REPORTS

Reports and job cards instantly and automatically emailed to customers following job completion.

DRIVER BEHAVIOUR DEBRIEF

Drivers receive a friendly and motivational debrief at the end of each shift. Management can track and compare eco-driving, safety and individual driver improvement over time.

A DAY IN THE LIFE

FOR TRANSPORT & LOGISTICS

WITH BIGCHANGE

CALL HANDLING & CRM

Instantly access your contacts and in-depth job histories. Customers can even book online on your own branded booking site.

PLAN, SCHEDULE AND DISPATCH

Schedule deliveries with ease or import jobs from other systems. Automatic integration is also available via our professional services team. The system also supports multi-item consignments.

TIMESHEET AND DAILY WALK-AROUND CHECKS

Drivers login and complete their timesheet. The daily walk-around check and defect management meets DVSA requirements.

SAT NAV WITH LIVE TRAFFIC

Integrated truck, van or car nav makes for easy travel to the exact job location.

ALERTING

Proactive alerts keep everyone informed, e.g. customer appointment reminders, ETA alerts and notification of potential failure.

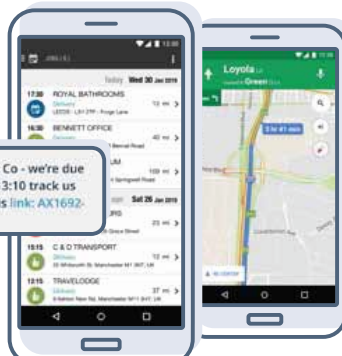

HEALTH AND SAFETY

Risk assessments, method statements and permits can be seamlessly built into the workflow.

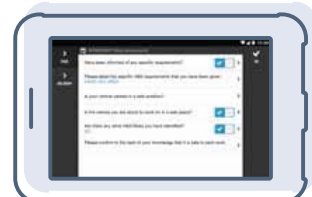

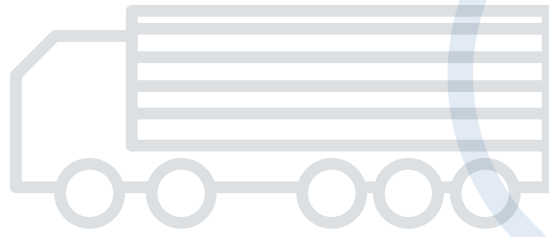

VISIBILITY OF PROGRESS AGAINST THE PLAN

The back office has complete visibility of resource location and progress against the plan.

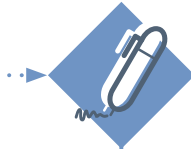

The Delivery Co - we're due to arrive at 13:10 track us live using this link: AX1692-GPQ

PAPERLESS JOBS AND WORKFLOW

Workflows are fully customisable with conditional branching only showing drivers questions that are relevant.

LOG AND PHOTOGRAPH EXPENSES

No more lost receipts. Expenses are logged, GPS location stamped and photographed as they occur.

INVOICE IMMEDIATELY

Invoice customers without delay. The built-in accounting and finance module even integrates with Sage.

AUTOMATIC TIMESHEETS

Accurate activity based timesheets are signed off daily or weekly by the driver. A single report shows how the timesheet compares to the vehicle activity and Tacho (if installed).

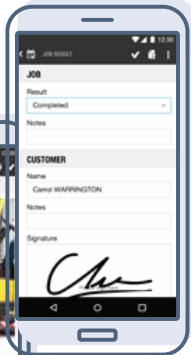

JOB MARGIN

The job margin report allows you to understand your actual costs for a job, compared to the revenue. This allows you to monitor, manage and maximise profitability

PROOF OF JOB COMPLETION

Electronic signature and proof of job completion or delivery is instantly relayed to the back office allowing prompt invoicing.

FULLY BRANDED CUSTOMER REPORTS

Custom reports, delivery and collection notes can instantly and automatically be emailed to your customers the moment the job is complete.

REPORTING AND PERFORMANCE

A wealth of insight and intelligence into your business performance is at your fingertips.

DRIVER BEHAVIOUR, CANBUS, TACHO AND PTO

Drivers receive a friendly and motivational debrief at the end of each shift, with management reports that track performance and improvements over time. Links to CANbus, Tacho and PTO data also available.

A DAY IN THE LIFE

FOR SALES & MARKETING

WITH BIGCHANGE

MANAGE THE SALES PROCESS FROM END-TO-END

BigChange lets you manage the entire sales process, from capturing leads right through to sales appointments, quotations and order forms.

CAPTURE AND LOG LEADS

Capture, classify and distribute your sales leads with ease, with the integrated CRM.

PERSONALISED MARKETING CAMPAIGNS

Target specific segments or CRM groups with personalised marketing campaigns using editable email templates. Manage marketing opt-in for GDPR compliance.

DRIVE YOUR SALES PIPELINE

Manage all your sales opportunities all the way through the funnel. Have complete visibility of the value of your pipeline, with sales probabilities.

NEVER MISS A FOLLOW UP ACTIVITY

Log all sales calls, communications and follow-ups with notes that are shared across your team. Alerts ensure your salespeople don't miss any follow-ups.

VOIP PHONE INTEGRATION

BigChange CRM links to your VOIP phone system. The right customer or prospect record loads in an instant when the phone number is recognised.

SCHEDULE WITH INTELLIGENCE

The intelligent scheduling assistant helps you to deploy the right salesperson or estimator, taking into account skills, product-knowledge, territories and proximity.

APPOINTMENTS

BigChange instantly sends job confirmations to clients via email, with a calendar link.

MANAGE EVERYTHING ON THE GO

Your mobile team have all the information they need for each sales appointment or visit on the BigChange app.

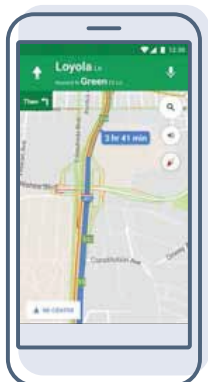

STAY SAFE AND COMPLIANT

Start of day vehicle checks prompt drivers to check the safety of their vehicle. Defects or faults can be logged and photographed.

SAT-NAV WITH LIVE TRAFFIC

The right address is automatically loaded into the integrated sat-nav for easy travel to the exact appointment or job location.

LOG EXPENSES INSTANTLY

No more lost receipts. Expenses are logged, GPS location stamped and photographed as they occur. A much simpler process.

LOVE THE ETA ALERTS

Your client will receive an estimated time of arrival text message. They can even track your team live on the map.

Fast Repair - we're due to arrive at 13:10 track us live using this link [AX1692-GPQ](#)

CRM GOES MOBILE

Access CRM records and notes on the go. So your people can review client information before they go into a sales appointment or meeting.

SUCCESSFUL SALES WORKFLOWS

Custom workflows manage the sales process step-by-step. Capture all kinds of data on-site, including photos.

DOCUMENTS AT HAND

Your team can access materials in the library. Such as brochures, price lists and technical specs.

SHARE QUOTES AND CONFIRM ORDERS ONLINE

Create quotations via the mobile app by adding pre-defined line items which are then sent to clients by email. Customers can accept quotes and sign order forms online.

COMPLETE TEAM VISIBILITY

Have complete visibility of your sales team with integrated vehicle and/or mobile device tracking. Know progress against the plan at a glance.

DRIVER BEHAVIOUR DEBRIEF

Drivers receive a friendly and motivational debrief at the end of each shift. Management can track and compare eco-driving, safety and individual driver improvement over time.

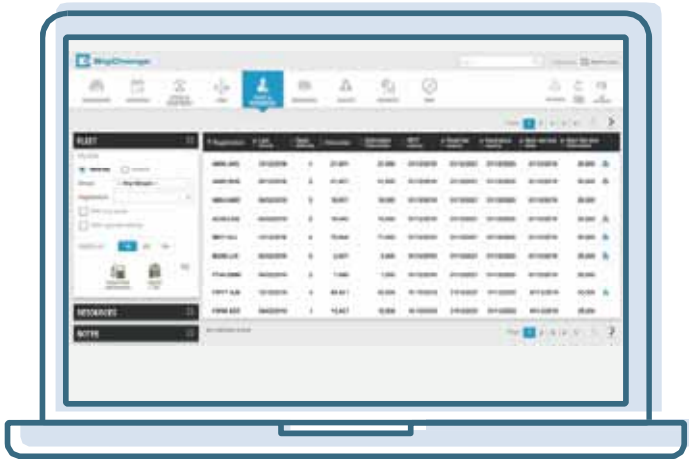

FLEET MANAGEMENT

YOUR FLEET, COVERED

With BigChange, you can manage the fleet data on all your vehicles, trailers, assets and equipment. Removing many of the risks associated with vehicle investment and day-to-day running.

MANAGE ALL TYPES OF VEHICLES

There's no limit. Our system lets you manage any type of vehicle, asset, trailer or special vehicle.

CAPTURE KEY FLEET DATA

Instantly access key data, such as vehicle odometer and fuel tank levels.

SECURE DOCUMENTATION

BigChange creates a safe, secure central place to keep everything organised - including leases, insurance, MOT, vehicle registration and other legal documents.

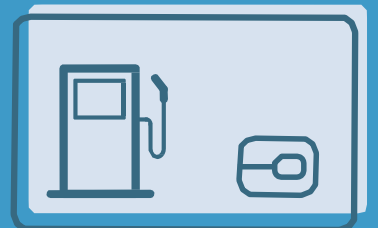

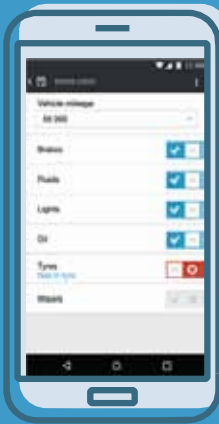

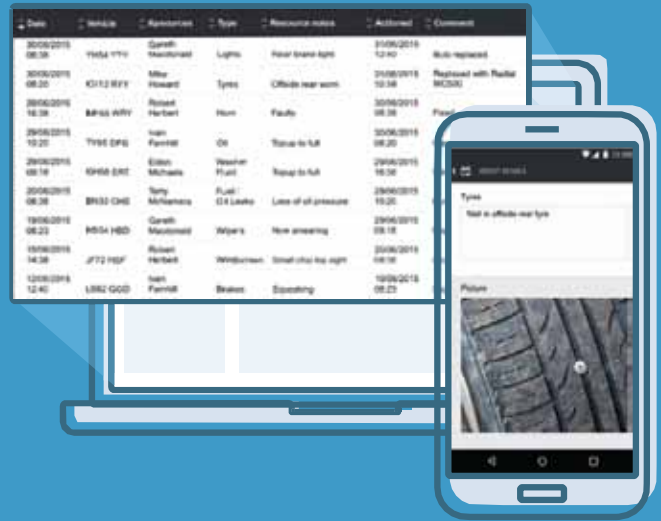

EVENT ALERTS

You won't miss a thing with alerts on important fleet events, like lease expiry, servicing and vehicle inspections. Helping you stay legal and avoid inadvertent infringements.

DVSA COMPLIANT WALKAROUND CHECKS AND DEFECT MANAGEMENT

Our management functionality allows you to manage defects and repairs with confidence, keeping a detailed record for each vehicle.

IMPORT AND LINK FUEL CARD DATA

Now you can link fuel card transactions to actual vehicle mileage (verified by the integrated vehicle tracking). Identifying discrepancies and calculating accurate MPG figures.

RESOURCE MANAGEMENT

TAKING CARE OF YOUR TEAM

Your people are your most important asset. BigChange gives you the means to keep their information safe and up-to-date.

INDIVIDUAL RESOURCE PROFILES

Create a clear picture of every individual's working hours, hourly pay and any special rates that apply out-of-hours. You can also log skills and qualifications, with alerts before they expire.

MANAGE AND RECONCILE EXPENSES

All expenses entered by team members in the field can be managed and reconciled with ease.

SECURE HR RECORDS

Make sure your HR records are secure with our central, secure repository. And protect sensitive personal information by restricting access to authorised senior team members.

CONTACT DETAILS

Store essential contact information for your team, including emergency contacts.

HOLIDAYS AND ABSENCES

Keep track of your team's time away from work, by managing and recording absences, sickness and holidays.

BigChange

The paperless way to plan, manage, schedule and track your mobile workforce.

Select the perfect BigChange solution for your needs...
